

PREVENTION PATHWAYS QUICK REFERENCE

THREE PATHWAYS AT A GLANCE

Pathway	Trigger	Tool	Frequency
URGENT RISK	PHQ-9 Item 9 positive · Recent attempt · Recent hospitalization	C-SSRS Lifetime/Recent (intake) C-SSRS Since Last Visit (every session)	Weekly sessions + weekly staffing
MODERATE RISK	PHQ-9 Item 9 negative BUT INQ-FAD3 screener positive	Full INQ-FAD3 (16 items)	Bi-weekly sessions · Monitor every session
VIOLENCE RISK	RROVS positive	Structural Clinical Risk form + Support Crisis Plan within 1 week	Disenroll via Clinical Pathway Disenrollment form

CRISIS DECISION CHECKLIST

- ☐ Is this client **safe right now?** If no → call **Mobile Crisis immediately**
- ☐ **No supervisor pre-approval required** to call Mobile Crisis
- ☐ **MUST notify supervisor** after any Mobile Crisis call (supervision documentation)
- ☐ SI or HI and **NOT calling?** → contact supervisor **immediately**
- ☐ **Hospital discharge?** → Client **MUST** be seen within **7 days**
Avatar codes: **15000** (hosp. discharge individual) **15501** (hosp. discharge intake)
- ☐ Hospital discharge = **automatic Suicide Pathway enrollment** regardless of reason
- ☐ **Med appointment** must be scheduled immediately at hospital discharge

STANLEY-BROWN — 6 COMPONENTS

1. **Warning signs** — what tells them a crisis may be building?
2. **Internal coping strategies** — what they can do alone
3. **Social contacts for distraction** — people who take their mind off it
4. **People they can ask for help** — who they can call
5. **Professionals & crisis resources** — clinician, crisis line, 988
6. **Making the environment safe** — means restriction, safety sweep

SAFETY SWEEP — 4 CATEGORIES

WEAPONS: Guns, ammunition, heavy tools

KNIVES & SHARP OBJECTS: Kitchen knives, razors, pocket knives, glass, light bulbs, pins, pencils, screwdrivers

SUBSTANCES: All medications (Rx + OTC), mouthwash, aerosols, cleaning products, paint, solvents, lighters

CHOKING HAZARDS: Shoelaces, belts, cords, electrical cords, blind cords, bed linens, plastic bags

- ☐ **Notify supervisor** of enrollment
- ☐ **School-based:** update school contact as appropriate

DISENROLLMENT CRITERIA

URGENT RISK: 3 consecutive **negative C-SSRS Since Last Visit** results

- Assess with **INQ-FAD3**
- **Positive INQ** = enroll in Moderate Risk Pathway
- **Negative INQ** = full disenrollment

Use: **Clinical Pathway Disenrollment Form** · Document clinical rationale

MODERATE RISK: 3 consecutive **INQ-FAD3 scores below 9**

- Full disenrollment

Use: **Clinical Pathway Disenrollment Form** · Document clinical rationale

⚠ **Your clinical judgment always supersedes the algorithm. If something feels wrong — act on it and document why.**
